

Venduo POS: Elevate Your Store Experience

Unify Digital & Physical Commerce

Empower every store employee to be a top brand ambassador with Actindo Venduo POS. Our seamless solution integrates digital and physical retail, enhances customer satisfaction, and boosts sales with a unified, omnichannel experience.

Why Choose Actindo Venduo POS?

Actindo Venduo POS is a complete, offline-resilient solution. It ensures fast transactions and seamless brand experiences, and is fully integrated with Actindo's commerce operations platform.

Key Benefits:

400 ms

Launch in 3 seconds, process payments in under half a second

Secure and reliable transactions, even without internet

Complete solution: Thanks to our exclusive partnership with Propay

API-First

Seamlessly integrates with existing hardware

Get More Out of Your Store Floor

Existing hardware is supported via API, and optional Propay hardware can process payments in a breezy 400ms. Plus your sales team gets access to live inventory and customer data, for better checkout experiences.

Unify Digital & Physical Commerce

Optimize store integration and operations with support for Click & Collect, Home Delivery, and seamless returns—no matter the channel.

Offer Tailor-Made Experiences

From custom options like jersey flocking to vouchers, pop-ups shops and targeted promotions, Actindo Venduo POS offers endless possibilities.

Optimized for Android OS

The Venduo POS app runs on existing Android devices, turning sales associates into brand ambassadors with access to real-time product and customer data.

One POS Solution. Your Choice of Hardware

Actindo Venduo POS is a platform-agnostic solution that supports a wide range of devices, from stationary desktop to mobile to self-checkout.

Mobile POS

Equip sales staff with browser or app-based POS.

Stationary POS

Android tablets deliver a first-class checkout experience.

Self-Checkout

Offer contactless, NFC-supported self-service stations.

Trusted by Leading Brands

Companies like PowerFood, Kapten & Son, and Hansa Rostock already rely on Actindo Venduo POS. PowerFood ensures a seamless shopping experience across 25 stores, events, and pop-ups. Hansa Rostock uses the system for stadium kiosks, fan shops, and online retail—optimizing operations and strengthening fan engagement.

Premium Hardware, Seamless Experiences

Through our exclusive partnership with hardware specialists Profipay, Venduo POS is available on high-performance, German-engineered devices, ensuring cutting-edge technology for modern retail.
